Recognition and Enrichment  
of Archival Documents

## 1. Anwendertreffen (Workshop)

Stadtarchiv Bozen – Altes Rathaus, Konferenzraum (2. Stock)

16. September 2016

The screenshot displays the READ software interface. The main window shows a scanned document with handwritten text in cursive. The text is: "In Publico Politicis Actum Bozen den 2<sup>ten</sup> Julius 1792: Vor Titl Herrn Bürgermeister von Remich etc.: In Beyseyn der Magistrats Rätbe. Herrn Oberlieutenant Karl v Kuglern. Herrn Franz v Maÿrl, und Herrn D<sup>r</sup> Andre Dipaüli /: Herr D<sup>r</sup> Leopold Spielmann abwendend:/"

The interface includes a sidebar on the left with document metadata and a list of documents. The bottom part of the interface shows a list of recognized text elements, numbered 1 through 7, corresponding to the lines of the document.
